· O V E R C O M E T H E O R D I N A R Y ·

Our hunger, our hopes, our desire to embrace the future, to give the world the change it deserves, our burning and boundless love, our desire to build without approximations, to create new bonds and protect old ones, our innermost fears, our pure emotions, our desire to dance all night long.

All of this has been dampened, reduced, tarnished by a gray period.

Now it is time to get it back.

We wish to propose to all European Junior Entrepreneurs an opportunity to go beyond the new normal.

An event filled with experiences and enlightenment, immersed in the Italian natural and historical landscape.

A chance to have in person exchanges with the most talented individuals in the European scene.

An opportunity to expand our professional horizons and challenge ourselves in the real, physical world.

A journey to overcome the ordinary.
